

TEEN LIFE

2024-2025 School Year
Support Group Report

DURING THE '24-'25 SCHOOL YEAR...

740

STUDENTS

received hope through
Support Groups on their
school campus.

SUPPORT GROUPS 86

in 13 school districts and
on 50 school campuses.

These groups discussed
relationships, stress,
resources, and more in a
safe environment!

“ We grew closer, and the group became a safe space where everyone felt comfortable and supported. These were girls who didn't usually hang out outside of the group, but by the end, they had formed real connections with each other. Our last meeting was so bittersweet—we were all sad to see it end, but it was amazing to look back and see how far we'd come together.

- Teen Life Facilitator ”

44

TRUSTED ADULTS

led Support Groups and formed
connections with students. This school
year, 24 adults have completed our
Support Group Training.

\$492K

RAISED IN 2024

so that no teen has to feel alone. This
generosity made it possible for Teen Life
to empower students, elevate schools,
encourage parents, and equip volunteers.

BE THE ONE WHO GIVES HOPE TO TEENS
